

## **AGAINST SURROGATE MOTHER MANIFEST**

### **PROVIDED THAT**

- the market of surrogate mother is growing up in a dramatic way;
- actually the surrogate mother, in some countries as Italy, represent an illegal practice, but for the citizens is possible, however, bring into own country children got it through this practice from foreign countries;
- always more desperation for poverty push women to transformer themselves in a containers for a fee, as women object;
- there are shared principles, for that reason not everything that is technically possible is also ethically acceptable;
- for every child to have a family is a right and not the opposite;

### **CONSIDER THAT**

- a society who give permission to exploit a body of woman and degrade her dignity, considering a mere container of a son of others, is a society that no longer knows where it comes from or where to go;
- the market character of surrogate mother practice represent a clearly treason of fundamental of human rights;
- unfortunately are always more the organization that, behind generous compensation, offer children on commission through a surrogate mother practice;
- we are in front of a true sale of children that also allows the choice of a source of ova: a sort of selection of the race, by means of a 'market research';

## **FOR THIS REASON WWALF OPPOSES TO SURROGACY MOTHER**

And It aims to:

- 1.** raise awareness towards this phenomenon to make the public aware of the stakes
- 2.** initiate all appropriate cultural initiatives and policies to counter any attempt to legalize, in the countries where it is not still allowed, the practice of the surrogacy mother;
- 3.** expose and oppose such activities in countries where the market of motherhood on order is legal and stated, reporting any abuse made against women
- 4.** ensure equal status for women in the poorest countries, the main target of unscrupulous speculators;
- 5.** protect freedom of every woman to continue the pregnancy and keep the child birth with him as natural and fundamental right that precedes any law and any contract
- 6.** affirm the right of women not to be forced to commercialize their bodies
- 7.** implement effective family policy, health and education for the prevention and treatment of infertility and sterility
- 8.** combat the billion-dollar on the skin of women linked to speculative market to surrogacy mother practice.
